The program of the workshop “A gymnasium for democracy and reading to join” comes into full swing at the events under the Town Twinning project titled “Twinning In Community,” which will take place over the weekend between Friday, September 6 and Sunday, September 8, 2024.

The event, co-financed by the European Union, will be inaugurated on the afternoon of Friday, September 6, through the Press Conference opening and presenting the project, scheduled at 6 p.m. at the Council Chamber in Constitution Square, Quiliano. During the Conference, the two municipalities involved in the Town Twinning project-Quiliano and Ajdovščina-and the associated national and international partners who supported and collaborated in its implementation will be presented:

- A.I.C.C.R.E. Associazione Italiana per il Consiglio dei Comuni e delle Regioni d'Europa – Federazione della Liguria;
- Rete dei Comuni Sostenibili;
- Società Cooperativa A.R.C.A.;
- Biblioteca Lavrič Ajdovščina (partner internazionale);
- Ajdovščina Friends of Youth Association (partner internazionale).

The aim of the project is to provide opportunities, tools and solutions to be shared among partners, public authority stakeholders and civil society organizations by identifying and exchanging best practices developed by both municipalities in various areas related to EU values, local governance and the Agenda 2030 Sustainable Development Goals.

As it is essential for both municipalities and partners to ensure continuity across generations, both municipalities will engage, during the three-day event, young people as the main target group through the forms of democracy dedicated to them.
